

DL-MR16-EDB3WRGB Ø50mm 3-Watt LED Light MR16

I. FEATURE

- Available in RGB
- Standard GX5.3 base and no need of modification
- Low voltage operation at 12VAC/DC
- Beam angle at 35 degree
- IR Remote controller
- No harmful UV radiation

II. SPECIFICATION*

Colour	RGB
Lighting	
Beam Angle	35°
Operating Voltage	9 - 15 VAC
LED Power Watts	3x 1W
Total Power Watts	4-5W
Mechanical Dim.	Overall 50(D) x 65(H) mm
Net Weight	55g
Operating Temp.	-5°C to 45°C
Storage Temp.	-10°C to 50°C
Warranty	1 Year

**Specification subject to change without advance notice*

III. THE PRODUCT

The MR16-EDB RGB is a sensational product with amazing colour mixing capability. It comes with standard GX5.3 dichroic base with an Infra Red sensor input to capture commands from a remote controller. It is comprised of three 1-Watt Red, Green and Blue LED light sources and operates over a wide input voltage from 9 to 15VAC. This MR16 LED bulb will get your desired colored light with significant operation cost savings. It last 5 to 10 times longer than standard halogen bulbs. It offers a lighting solution for retail, ceiling fixture, restaurant lobby, hallway, casino, PUB and as well as many other accent lighting applications. Other options include Master MR16 IR LED, Master RS458 and wall mount RS485 controller. All can be operated with a simple touch of the controller from the comfort of your chair. It's made to impress.
